- ~ Born: March 1996
- ~ Twin
- ~ Color: White
- ~ Semen imported: 1997 by: Elite Genetics
- ~ Codon tested: RR @ 171
- ~ Breeder & Owner: Archie Smith-Maxwell 'Beeston'
- ~ Beeston 'Loyalty' has excellent conformation, is sound in feet, legs and mouth and leaves lambs with good color. His dam has won many interbreed and show championships.
- ~ Mr. Smith-Maxwell offered Loyalty for collection in 1996, by Edinburgh Genetics (UK) for Elite Genetics (USA). The first straws were imported to the USA by Elite Genetics and used for LAI in 1997, with the first F1 offspring born in March 1998.
- ~ ALSM called with 1997 update on 'Loyalty': fleece "good", legs & pasterns "good", nice head carriage, just 'forward' on the dental pad.
